ABOUT US

RADIANT TAPOVAN SCHOOL was established in 2017 with a creative environment which is both stimulating and challenging. Our school promotes integrated, activity based life skills oriented curriculum. Radiant Tapovan provides high quality CBSE curriculum right from Pre-primary to 7th grade. Our educational programs encompasses inculcating a high team spirit, leadership qualities, critical thinking and an innovative mind creating a capacity for lifelong learning.

The most important resource in RADIANT TAPOVAN SCHOOL is our dedicated team of educators who along with their educational qualifications have immense patience love and motherly touch for children. We believe in overall development of the child that embraces core academics development of character a broad exposure to arts and physical education.

RADIANT TAPOVAN SCHOOL provides an unsurpassed education for the development of self-reliance and leadership skills. Our curriculum focusses on achieving this by a vibrant and balanced co-curricular activities which promotes engagement, personal challenges and collaboration behaviour.

RADIANT TAPOVAN SCHOOL involves the children in sports, music, art & craft and many other activities which prepares them in holistic approach.

A SCHOOL THAT PROMOTES BASIC SKILLS:

- Learning to know
- To make
- To be
- To live with others

THOUGHT PROVOKING QUESTIONS:

- Should values be taught as one period per week or should it be integrated into every core subject?
- Should assessments & Exams be used to promote learning or be used as a simple measurement?
- Don't you think that education plays a key part in nurturing social & emotional capabilities of a child?
- Is it fair to judge a child's potential based ONLY on grades in an examination?
- When children are amazing at asking questions, why do they stop asking questions once they grow?

MISSION

Striving relentlessly to create academic platform that bridges modern pedagogical advances with Vedic wisdom, leave a positive impact as confident, cultured and successful individuals.

To consistently realize the Vision by making the best use of vital resources.

VISION

To educate the young minds and foster ethical, social and moral values through (learning & grooming them into responsible global citizens) approach to make awaken citizens.

To build motivated younger generation fully equipped to face the current dynamic world with pride & confidence.

To know the core requirement of the child and develop a strong relation between the child, the parent and the teacher.

Create interest of learning in child.

“ Walls do not make a school but the Character which reigns in it ”

LAVANYA NALLAPAREDDY -

An entrepreneur by profession but her passion for education and children, made her career a 360-degree change and went on to become a successful pedagogic leader.

Her philosophy is "If we want to make a person with values then imparting values has to start in early years of education, which in turn also will be a her contribution to make INDIA a better place in the world."

She was associated with pre-schools, as management consultant and taken early school education to a different level.

DIVYA DUBEY -

A successful educationist, specializes in imparting knowledge, focusing on Science as a core subject. She has done research in Child's whole brain development and pedagogy.

Her Philosophy is "A true educationist has to be always in search of innovative and new methods of teaching that would create the interest in young minds with utmost passion, honesty and integrity".

She has contributed to the success of educational institutes right from colleges to Philosophical based education schools in India and UAE as well.

Mental Aspect:

This contributes to cultivation in the thought process. When one is exposed to the influences coming from various cultural sources, his/her on world and existence becomes vast.

Social Aspect:

This instils sociable practices such as empathy, friendship, participation, assistance which turn out to be important in their adulthood.

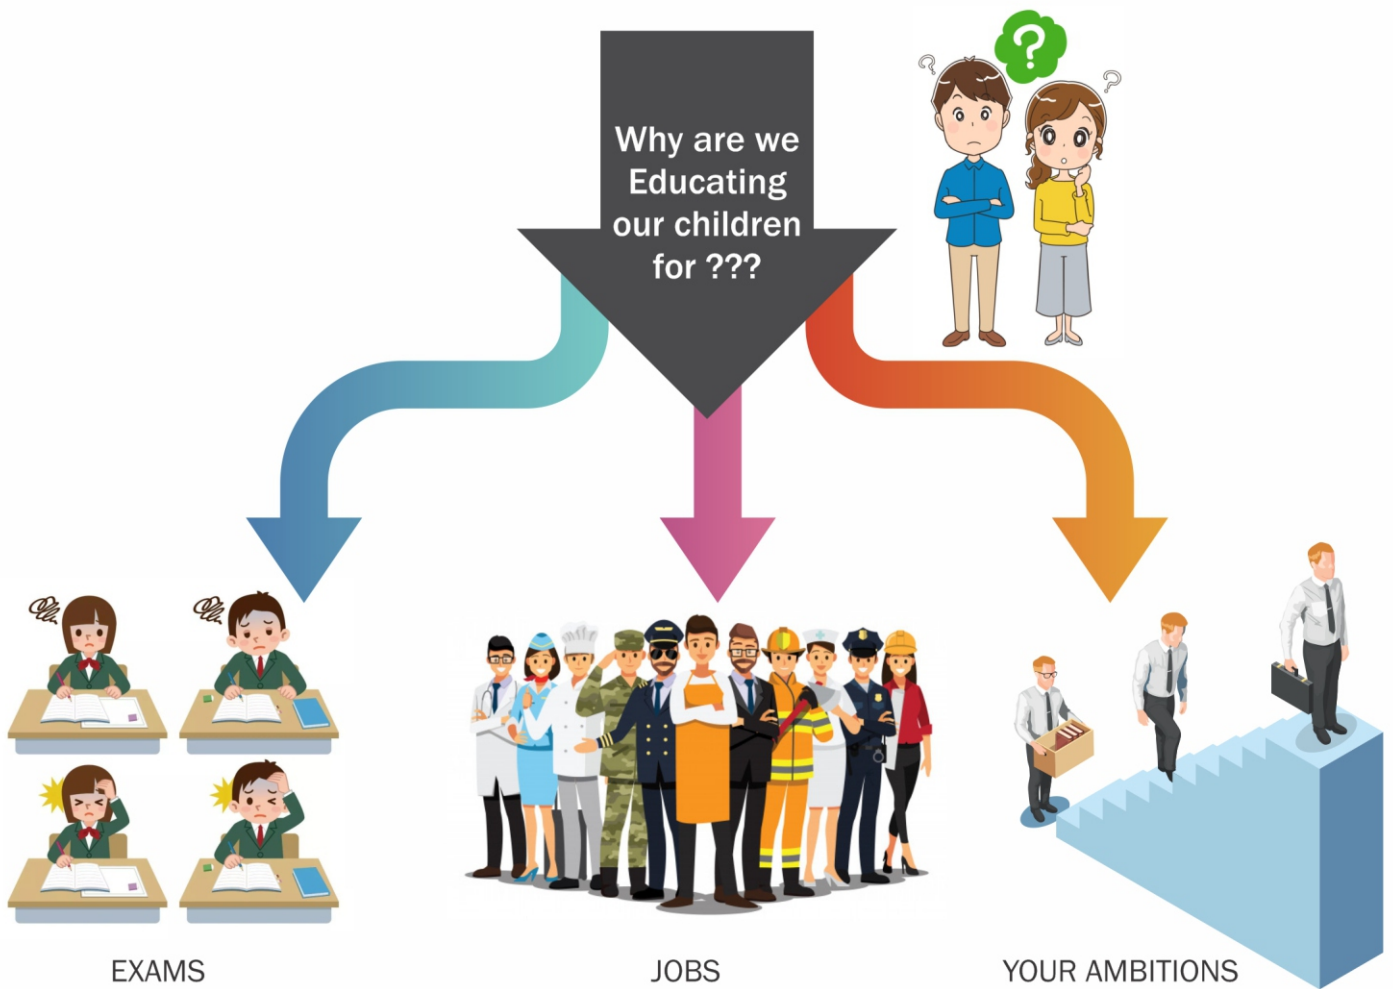

Physical Aspect:

A child, after conception, goes through various physical development. While home provides a restricted outlet. In school, a child can channelize his energy into more sociable avenues. The presence of activities such as sports, craft help children direct their boundless energy into something productive.

Spiritual Aspect:

To develop a high sense of gratitude and appreciation for the world around. An awareness of higher power that is loving and guiding.

Education should empower a child with
CHARACTER, SELF CONFIDENCE & SELF DEPENDENCE

The real education is that which develops body, mind and speech. School should instill pulsating spark in the child by giving life oriented education instead of only bread oriented.

METHODOLOGY AND CURRICULUM

Our Curriculum puts children at the centre of learning with special emphasis on nurturing skills and attitudes.

It helps children become enthusiastic learners and encourages them to be active and creative explorers making them independent, self-confidence and inquisitive.

As part of our active learning, there will be various activities where the children enjoy and cherish their childhood as they grow and learn.

The learning process at Radiant Tapovan brings out the best in child & helps in a wholesome individual development.

INTEGRATING CURRICULUM BY USING THEMES AND PROJECTS

- Theme based teaching is directly related to children's, real life experience on what they know and what is readily observable
- First hand direct investigation.
- Involves activities like guided discovery demonstration, small and whole group activities.
- Giving Children chance to practice and apply basic skills appropriate for their age.
- Encouraging children to document and reflect on what they are learning.

We believe that every Child is gifted with inborn abilities and by giving opportunities backed with space, conducive learning environment along with resources he/she will grow into a confident individual.
