School that redefines the Childhood...

## A Proud Moment for Radiant Tapovan

We are delighted to share that our respected Principal Ma'am has been honored with the Dr. Sarvepalli Radhakrishnan National Award for Best Principal by EduTech Expo 2025. This prestigious recognition is a true reflection of her visionary leadership, dedication, and unwavering commitment to nurturing young minds. Under her able guidance, Radiant Tapovan has flourished as a temple of learning where values, knowledge, and creativity walk hand in hand. We, the Radiant Tapovan family, feel immensely proud of her achievement and extend our heartfelt congratulations. May her inspiring journey continue to guide us towards greater heights.

As we celebrate the spirit of Independence this August, let us remember that raising children who are proud of Bharat begins at home and school let us recommit ourselves to raising children who are not just smart, but wise; not just informed, but thoughtful; not just citizens, but proud torchbearers of Bharat.

In my recent speech, I shared a heartfelt message: **Let's be the change our children need – by picking up books instead of phones, because readers become leaders. True patriotism shows in actions: keeping our surroundings clean, respecting our heritage, and living responsibly.**

**Mrs. Divya Dubey**  
Principal

## *Radiant Rhythms of August*

### EVENTS

- Pre-Primary
- Primary School
- Senior School

### STUDENT CONTRIBUTIONS

The Pre-Primary wing of RADIANT TAPOVAN SCHOOL celebrated August with great enthusiasm through vibrant events like Rakshabandhan, Janmashtami, Independence Day, Blue Colour Day and Ganesh Chaturthi. Children tied beautiful rakhis to each other, dressed as little Krishnas and Radhas, and joyfully participated in "Matki Phod." Independence Day was marked with a skit instilling national pride. Blue Colour Day added a splash of creativity as children explored the colour through fun-filled activities. Clay Ganesha Making added joy to festive celebrations. These celebrations fostered cultural awareness, creativity, and joyful learning among our tiny tots, making August a memorable and enriching month for all.

**Mrs. G. Dipali**  
Pre-Primary Coordinator

## Event Highlights

- Friendship Day
- Rakshabandhan
- Independence Day
- Janmashtami
- Blue Colour Day
- Ganesh Chaturthi

**“मन्मना भव मद्भक्तो मद्याजी मां नमस्कुरु।”  
(Bhagavad Gita 9.34)**

This reflects how little ones, through festivals like Janmashtami, Raksha Bandhan, Ganesh Chaturthi, and celebrations of friendship & patriotism, are naturally guided towards devotion, love, and togetherness in playful, joyful ways.

“August was vibrant for our primary students as well. They engaged in Friendship Day and Rakshabandhan activities, proudly saluted the nation on Independence Day, and enjoyed the spirit of Janmashtami and Ganesh Chaturthi. Through these events, our children learned about sharing, caring, patriotism, and cultural heritage while having fun together.”

**Mrs. Suchita**  
Primary School Coordinator

## Event Highlights

- Celebrated all festivals and special days with enthusiasm.
- Patriotic skits and songs on Independence Day.
- Art, craft, and storytelling linked with cultural values.

“कर्मण्येवाधिकारस्ते मा फलेषु कदाचन ।  
मा कर्मफलहेतुर्भूर्मा ते सङ्गोऽस्त्वकर्मणि ॥”  
(Bhagavad Gita 2.47)

This fits beautifully, since primary children are learning the value of effort, participation, and action through celebrations, cultural programs, and patriotic activities—doing things with joy, without worrying about results.

## Student Corner

### Science Facts:

- The organ that has not been explained by so many people is greater omentum.
- Fact: When we go on a roller coaster, we feel our stomach drop. That is actually the movement of our greater Omentum- Up-down, up-down.
- When we fold our wrist, it is actually the same size of our heart.

By Ashrita, Grade 5

By Aaradhya, Grade 3

By Aditya, Grade 4

By Karthikeya, Grade 5

A group of students visited the National Institute of Nutrition (NIN), Hyderabad, one of the premier research organizations in the field of food and nutrition in India. The visit aimed at providing practical exposure to the students about nutrition science, health research, and public health initiatives.

The main objective of the visit is to gain awareness about the importance of balanced diets and nutrition and To encourage students to adopt healthy eating practices and spread awareness in the community.

Students were given an orientation about NIN's history, mission, and contributions to the nation.

They visited the Nutrition Museum, which displayed information on nutrients, balanced diets, malnutrition, fortified foods, and healthy eating habits.

**Mrs. Nivedita**  
Senior School Coordinator

**“उद्धरेदात्मनाऽत्मानं नात्मानमवसादयेत्।  
आत्मैव ह्यात्मनो बन्धुरात्मैव रिपुरात्मनः॥”  
(Bhagavad Gita 6.5)**

This resonates with the high school events where students are encouraged to elevate themselves through knowledge (NIN, ISRO), discipline, and patriotism (Independence Day)—realizing that their growth depends on their own effort and mindset.

## Art Competition

An art competition is a creative platform that provides students with an opportunity to express their imagination, talent, and innovative ideas through visual art. Organizing such a competition not only nurtures creativity but also builds confidence and appreciation for artistic skills. We have given the theme for drawings on "Sustainable development Goals (SDG)". Our students were very much enthusiastic to participate in the competition

Conducting an art competition is an enriching activity that combines fun with learning. It encourages students to think imaginatively, improves their artistic skills, and helps them develop confidence and appreciation for the arts.

# Parents' Speak

As new parents to Radiant Tapovan School for the academic year 2025–26, we are truly overwhelmed with joy for having made the right decision for our children. The visionary leadership of our Principal, Ms. Divya Dubey ma'am, is deeply inspiring. Her genuine commitment to the upliftment of children, who are indeed the future of our society, reflects in every initiative the school takes up.

From programs on physical and digital wellbeing, financial literacy, SDGs (Sustainable Development Goals), instrumental music through flute classes, and DEAR (Drop Everything and Read) every Tuesday, to opportunities like the recent participation in ISRO's interschool competition on the occasion of National Space Day, every activity nurtures holistic growth. The unique Bagless Days are a delight, giving children the freedom to explore and learn in age-appropriate ways. What touches us the most is Divya ma'am's personal dedication to instilling values of Sanatana Dharma. Children begin their day with verses from the Bhagavad Gita and the chanting of the Vedic National Anthem, creating a deep-rooted connection to culture and spirituality alongside academics.

The school also excels in physical education, where the trainer's dedication and personal attention to every child is truly commendable. The team of teachers here are nothing short of excellent, each one passionate, caring, and deeply committed. The Academic Coordinator and the Counsellor, working hand in hand with the Principal, are like her extended arms, carrying out their responsibilities with devotion that goes beyond duty.

We are filled with gratitude and admiration for the Radiant Tapovan family, who are shaping not just bright students, but responsible, resilient, and value-driven citizens.

With gratitude,  
**Proud parent of Anshul, Grade 7 & Laghima, Grade 5**

"Radiant Tapovan is not just a school for our children, it is a family shaping their values and future."- **Proud Parent**

As parents, we would like to take this opportunity to convey our vote of thanks to teachers and school mangement for contineous support, collaboration and most importantly extra care. He is so blessed to have teachers like you. I feel exceptionally obliged to have my son studying in Radiant Tapovan School.

From  
**Hema Bindu & Rishi**  
**Parents of Trilokesh.**

Tapovan: Where Vedic Tradition Meets True Inclusivity

Finding a Vedic school for our son, Rishaan Sai (5th Grade), who has Cerebral Palsy, led us to Tapovan, and it has been a blessing. The Principal's inclusive mindset set the tone, assuring us that Rishaan would be nurtured for his sharp mind. The school's culture of kindness shines through in his classmates; their friendship and positive attitude have not only helped him physically but have truly transformed his way of thinking.

Tapovan's practical teaching methods make learning joyful. I especially admire the emphasis on daily sports, where the dedicated physical activities teacher uses traditional games to instill positive discipline and focus. This commitment to physical well-being, combined with their focus on values through Homefun, 'Uttishta Bharatha' and the Principal's classes on Puranas, creates a truly holistic environment.

Already, I see a wonderful change in Rishaan's attitude and a new interest in his studies, thanks to the constant encouragement from his dedicated class teachers. We are excited for his journey ahead at this exceptional school.

Thanks,  
**Rishaansai Parents**

Namaste everyone,

This academic year we chose to put our son in Radiant Tapovan School. There are so many unique and impressive aspects of this school that convinced us to make this choice.

I love that the principal, Ms. Divya Dubey, stresses so much on the importance of reading books. This practice is almost lost now-a-days with the crowd of technological gadgets in our lives. It's amazing that every Tuesday morning they have the D.E.A.R (Drop everything and read) period, where everybody- principal, teachers, children, ayammas, security- everyone sit together and read their own favorite books. And parents are welcome too!

What gives me a sense of depth about the school is that the children get a solid foundation for life, based on the teachings of the Bhagavad Gita. I don't see the mechanical push into the rat race here, that is so prevalent in all spheres of life in the world today.

I absolutely love it that even Divya ma'am is so passionate about teaching that she teaches science to the higher classes, and from what I have heard, she really gets to the root of it and gets children to deeply contemplate on real world scientific matters.

However I do not want to miss expressing my gratitude to the initiative of "Uttishta Bharatha", a WhatsApp group that inspires children to stay disciplined and do the right things.

Thank you to the RTS Team! **Maruthi's Parents - Grade 6**

## Dr. A.P.J. Abdul Kalam

"If a country is to be corruption free and become a nation of beautiful minds, I strongly feel there are three key societal members who can make a difference. They are the father, the mother and the teacher."

# Teachers' Speak

"Our Principal Ma'am leads not just with wisdom but also with compassion. She inspires us to give our best every day and reminds us that teaching is not just a profession, but a mission to shape lives."

– Mrs. Kavitha, Senior School Teacher

Radiant Tapovan is more than a school; it is a family. The values instilled here, under our Principal Ma'am's guidance, ensure that children grow up with kindness, respect, and curiosity."– Mr. Naresh, PT Teacher

"Working here has been a journey of continuous growth. With Ma'am's mentorship, we are motivated to upgrade our skills and inspire students every day." – Mrs. Parimala Rao, Admin
